

A Synopsis

Flood Relief Activities 2022 (A Glance) National Commission for Human Development Ministry of Federal Education & Professional Training

In the month of August 2022, the nation of Pakistan has witnessed a massive scale of destruction by recent flash floods, which have occurred due to more than expected rains during the Monsoon season. It has caused enormous loss of life and property; however, it cannot be estimated yet as the floodwaters have not receded from many areas.

The federal and provincial governments have certainly reached out to the people, but National Commission for Human Development (NCHD) through its partner i.e. Pakistan Human Development Fund (PHDF) reached out to the people where no one had yet reached till then by immediately approving the Emergency Flood Relief proposal of worth Rs. 11 million. The NCHD, looking at the situation, ordered its employees to immediately help the people in any situation and, the NCHD employees also spared no efforts in provision of rescue and relief services. NCHD instantly provided food items & non-food items to the flood victims under PHDF funding and by mobilizing the local communities & raising funds in cash/kind from local philanthropists.

In light of the above, all the field activities related to Flood Relief 2022, are being and have been recorded in writing & snaps since the very start of the flood activities i.e. 29th August, 2022. The following are some clicks of the activities on the subject, which are being done in the damaged areas of Punjab, KP, Sindh, Balochistan, GB and AJ&K.
