

National Commission for Human Development (NCHD) firmly believes that education is the only way to enlightenment and prosperity for the individuals as well as nations. It has become the most important aspect of progress in the society. Education has been globally accepted and acknowledged as one of the basic right of the human beings through Universal Declaration of Human Rights (UDHR ). Pakistan has ratified the UDHR long time back but the commitment to the world had not fully translated into a compelling policy and implementation thereof until recently when Article 25 A was promulgated.
